Pear Tree Primary School

E-SAFETY POLICY

1. **INTRODUCTION**

The E-Safety Policy also relates to other policies including those for ICT, anti-bullying and safeguarding.

Our E-Safety Policy has been written by the school, building on the Brine Leas High School E-Safety policy.

2. **TEACHING AND LEARNING**

2.1 Why Internet Use is Important

- “ The Internet is an essential element in 21st century life for education, business and social interaction. The school has a duty to provide students with quality Internet access as part of their learning experience.
- “ Internet use is a part of the statutory curriculum and a necessary tool for staff and pupils.

2.2 Internet use will enhance learning

- “ The school Internet access will be designed expressly for pupil and staff use and will include filtering appropriate to the age of pupils.
- “ Pupils and families will be taught what Internet use is acceptable and what is not and given clear objectives for Internet use.
- “ Pupils will be educated in the effective use of the Internet in research, including the skills of knowledge location, retrieval and evaluation

2.3 Pupils will be taught how to evaluate Internet content

- “ The school will ensure that the use of Internet derived materials by staff and pupils complies with copyright law.
- “ Pupils should be taught to be critically aware of the materials they read and shown how to validate information before accepting its accuracy.

3. **MANAGING INTERNET ACCESS**

3.1 Information system security

- “ School ICT systems and security will be reviewed regularly.
- “ Virus protection will be installed on every computer and will be set to update Automatically at least every week if not daily.

3.2 Email

- “ Pupils may only use approved e-mail accounts on the school system.

- “ Pupils must immediately tell a teacher if they receive offensive e-mail or any other social media communication when in school.
- “ Pupils must not reveal personal details of themselves or others in e-mail communication, or arrange to meet anyone without specific permission.
- “ E-mail sent to an external organisation should be written carefully and authorised before sending, in the same way as a letter written on school headed paper.

3.3 Published content and the school web site

- “ The contact details on the Web site should be the school address, e-mail and telephone number. Staff or pupils' personal information will not be published in line with our privacy notice.
- “ The head teacher will take overall editorial responsibility and ensure that content is accurate and appropriate.

3.4 Publishing pupil's images and work

- “ Photographs that include pupils will be selected carefully and will adhere to the permissions given by parents. Pupils' full names will not be used anywhere on the Web site, particularly in association with photographs.
- “ Written permission from parents or carers will be obtained before photographs of pupils are published on the school Web site.
- “ Pupils' work can only be published with the permission of parents.

3.5 Social networking and personal publishing

- “ Pupils will be advised never to give out personal details of any kind which may identify them or their location.
- “ Pupils and parents may be advised that the use of social network spaces outside school is inappropriate for primary aged pupils.
- “ Staff are advised that they should consider the consequences and possible repercussions of any information that they make available online, for example on a social networking site. Particular care should be taken in the posting of photographs, videos and information related to the school, school life, staff and pupils as detailed in the staff code of conduct document.

3.6 Managing filtering

- “ The school will work with the LA, DCFS and the Internet Service Provider to ensure systems to protect pupils are reviewed and improved.
- “ If staff or pupils discover an unsuitable site, it must be reported to the e-Safety Coordinator who should be known to all members of the school community.
- “ Senior staff will ensure that regular checks are made to ensure that the filtering methods selected are appropriate, effective and reasonable.

3.7 Managing emerging technologies

Emerging technologies will be examined for educational benefit and a risk assessment will be carried out before use in school is allowed.

- “ Mobile phones are not allowed for pupil use on the school premises.

- ~ Staff will not use personal equipment or non-school personal electronic accounts when contacting families.

3.8 Protecting personal data

- Personal data will be recorded, processed, transferred and made available according to the Data Protection Act 1998 and the GDPR regulations 2018.

4. POLICY DECISIONS

4.1 Authorising Internet access

- ~ All staff must read and sign the ~~Staff~~ Staff Code of Conduct and Social Media policy before using any school ICT resource.
- ~ All students and their parents must sign the permissions in their school diaries relating to permissions and all classes are reminded of safety rules of internet and social media usage.

4.2 Assessing risks

- ~ The school will take all reasonable precautions to ensure that users access only appropriate material. However, due to the international scale and linked nature of Internet content, it is not possible to guarantee that unsuitable material will never appear on a school computer. Neither the school nor the internet provider can accept liability for the material accessed, or any consequences of Internet access.
- ~ The school will regularly audit ICT provision to establish if the e-safety policy is adequate and that its implementation is effective.

4.3 Handling e-safety complaints

- ~ Complaints of Internet misuse will be dealt with by a senior member of staff.
- ~ Any complaint about staff misuse must be referred to the headteacher.
- ~ Complaints of a child protection nature must be dealt with in accordance with school child protection procedures.
- ~ Pupils and parents will be informed of the complaints procedure.
- ~ Discussions will be held with the Police Officer to establish procedures for handling potentially illegal issues.

5. COMMUNICATIONS POLICY

5.1 Introducing the e-safety policy to pupils

- E-safety rules will be posted in all classrooms and discussed with the pupils at the start of each year.
Pupils will be informed that network and Internet use will be monitored.

5.2 Staff and the e-Safety policy

- ~ All staff will be given the School e-Safety Policy and its importance explained.
- ~ Staff should read this policy in conjunction with the Acceptable Use Policies.
- ~ Staff should be aware that Internet traffic can be monitored and traced to the individual user. Discretion and professional conduct is essential.

5.3 Enlisting parents' support

- Parents' attention will be drawn to the School e-Safety Policy on the school Web site.
